## \$525,000 SCHOOL BOND ELECTION TO BE HELD HERE ON OCTOBER 15th

That the residents of Albany will vote on October 15 upon the acceptance of school bonds in the amount of \$525,000 was the decision of the Albany Board of Education at its meeting August 1. The Board had previously voted to have this election on October 15; but it was not until after an extended and detailed study by the Board that a decision was reached as to the amount of the bond issue that would be put before the voters.

The proposed allocation of funds as follows:  
Primary school west of San Pablo Avenue housing kindergarten through the 3rd grade \$99,700.  
Primary school north of Solano Avenue, housing kindergarten through the 3rd grade, \$99,500.  
New wing of Cornell School, \$64,800.

High School classroom and equipment, \$56,000.  
High School ground development, \$10,000.  
Swimming Pool, \$95,000.  
Total \$525,000.

Mrs. Delia Walton, President of the Board of Education, says, "The estimated amount of the bond issue is based on a careful and prolonged study of the essential needs of Albany children and the very minimum cost of meeting them in a satisfactory manner. The pro-

posed plans will meet the present and predicted housing needs. The primary school north of Solano Avenue will relieve part of the congested situation at Marin school, the most overcrowded school of Albany; it will be further relieved by the additional classroom space available when the administration offices are moved to the new wing of Cornell School. The primary school west of San Pablo will do much to reduce the overcrowded condition at Cornell, as well as removing the necessity of small children in the Albany Hill area having to cross a dangerous highway. The proposed new wing at Cornell will replace the oldest and worst school structure in Albany, the original elementary school, built in 1908."

*We hope  
TO SEE THE DAY  
when everyone has  
THIS PROTECTION*

It is easy to understand why the idea of paying for future funeral costs, through a Funeral Service Policy, is sweeping the nation. It is a protection that no ordinary insurance can provide because it not only stipulates how much or how little shall be spent—it also provides immediate cash to pay funeral bills.

This means that savings and insurance funds are kept intact for their intended purpose...security for those who remain.

We will gladly tell you about a reliable Plan which costs very little.

## First Venture Proves Success

In the fall of last year Jack Graham arrived in Albany fresh from Uncle Sam's service. He liked the community and decided to locate here. With an old buddy, M. L. Zeigler as a partner, he opened the Golden Girl Grill at 856A San Pablo.

Then Mr. Zeigler decided to go East and sold out his interest to Jack. The business grew; he made a lot of new friends and, although it was his first business venture, it proved a success.

Now his old partner has returned to take charge of the culinary department and Jack is all pepped up over the prospects for the future.

"I like Albany," he said, "and I guess it likes me, too. I've got a host of friends here and am making new ones every day."

## ALBANY TAX RATE SET BY CITY COUNCIL AT \$1.65 FOR 1940-1947

The Albany City Council set the tax rate at its Monday evening meeting. The 1946-1947 figure is set at \$1.65, the same as last year. The city budget which was approved provided for a 15 per cent increase in salaries for all city employees.

The pay boost will be taken care of from the \$24,000 surplus left over from the last fiscal year and from increased assessments. Total assessed valuation is \$9,847,525 as of January 1, 1946.

## 'Sweetest' Thief Jailed After Coupon Thefts

As a result of prompt action by the OPA division of special investigation, two government employees are under arrest, 5,000 stolen sugar ration coupons have been recovered and 5,300 others will be traced if put to illegal use, it was announced today by OPA Regional Administrator Ben C. Duniway.

The two employees, William P. Burts and Orlon Saphers, were arraigned today before U. S. Commissioner Francis St. J. Fox and held for hearing. Bail was set at \$2500.

A total of 10,300 coupons was stolen from the OPA verification center at 1267 Mission Street, where Saphers entered employ of the OPA only three weeks ago, according to the investigators. The agents said that confessions from both men said that Saphers took the coupons from the verification center and turned them over to Burts, a mailing clerk at the government printing office at 1355 Market St., for black market sale. Five thousands of the coupons were found under the mattress in Burts' hotel room, the investigators said.

Mr. Duniway pointed out that the remainder of the coupons will be traced by investigators if used and that any persons using them would be subject to further action.

The stolen coupons, all genuine, would have been good for the purchase of 51,500 pounds of sugar. Investigators said they were taken from the supply sent by banks to the verification center in routine procedure.

The charges climaxed an investigation begun when a San Francisco merchant reported to the OPA that a bakery establishment had presented 1000 coupons for the purchase of 5,000 pounds of sugar.

According to the investigators, the baker admitted he had purchased the coupons from Burts.

Investigators said that the scheme was short-lived and that the charges were brought and confessions obtained within three weeks after Saphers entered employment of the OPA.

## School Board Gets Damage Claim

A personal injury claim of \$20,000 against the Albany Unified School District, received by the Board of Education at its meeting of August 1, has been filed by Lucille Netto, 15 year old Albany High School student, and her father, Thomas Netto, of 954 Kains Avenue. It is charged by the claimants that negligence of the school district resulted in serious and permanent injury and scarring to the minor girl's right hand and arm last May when she put her hand through a glass panel of a classroom door in an attempt to keep the door from slamming as she was leaving the room.

The Board of Education rejected the claim and referred the matter to their insurance carrier.

compared with \$9,316,225 last year, an increase of \$541,300.

Tax rates for this year were allotted to General Fund, \$1; Park Fund, .26; Library Fund, .04, and School Fund, .35.

The budget provides for the following items: Legislative, \$6050; financial, \$6795; legal, \$4142; judicial, \$4751; general offices, \$9261; purchase of OGD materials (to be sold by the city) \$75; elections, \$500; city pound, \$2150; Police Department (not including Lanham Act funds) \$58,774; Fire Department (not including Lanham Act funds) \$60,524; water hydrants, \$4913; insurance, \$100; health offices, \$5913; charities and corrections, \$910; engineering and streets, \$35,227; maintenance, \$4657; public improvement and capital outlay, \$6063; street lighting, \$10,200; recreation director at Codornices Village, \$2200.

The recreation director is to assist in providing youth leadership in Codornices Village and will be handled in conjunction with funds from Berkeley. A total of 6644 persons now live in Codornices Village, according to recent surveys, with approximately 3000 of this population living on the Albany side of the Federal housing project.

Only veterans are now eligible to obtain housing in the project and it is estimated that 1200 veterans in the project are attending universities or other schools and supporting wives and children. Federal funds were discontinued several months ago for the maintenance of a recreation project and the joint sponsorship of Berkeley and Albany for such a program was initiated by PTA groups of Berkeley and Albany.

The Federal Public Housing Administration will provide one project services director to supervise and coordinate the over-all program and will provide janitorial and maintenance services necessary for the upkeep of the community building and playground.

Mrs. Richard L. Hampton, president, Codornices School PTA, presented a letter to the City Council outlining the needs of the project.

## Line Crews are Putting 'em up as fast as Materials Come In

### WE'RE IN THE SAME FIX YOU ARE!

If you've tried to build a house, repair a machine or buy a new refrigerator, you know how tough it is to get things done nowadays.

We're up against the same difficulties. Our crews are trained to rush service to waiting customers, but they can't do the job without materials. And today it takes months to get lumber, transformers, wire, cable and other essentials. Transformers we ordered a year ago, for example, are just now beginning to trickle in.

We have more to do and less materials to do it with than ever before. In a normal year we built around 1000 miles of new lines. Pent up demands for service are now greater than at any time in our history. Despite obstacles, we have succeeded in building 1200 miles of line so far this year.

All our energies are devoted to filling the needs of our customers, old and new. We are as eager to give service, adequate service, to all applicants as they are to obtain it. We'll be coming your way as fast as we get materials.

Most everything costs MORE today —  
but the cost of ELECTRICITY is DOWN.

sums up the situation thus:

"Even though our rate of production  
normally exceeds that of any other  
manufacturer, we have been able to  
build, up to July 1, only 12.4 per cent  
as many cars as we had built up to  
that date in 1941. Production is still  
far below normal, because of fre-  
quent shortages of essential mate-  
rials and parts. Strike after strike at the  
plants of our suppliers has seriously  
impeded our progress toward full  
production, and the cumulative  
effect severely hampers every manu-  
facturing and assembly plant. In  
June we were able to build only  
29.2 per cent as many cars as we  
produced in the same month in  
1941."

While production is restricted, so—in  
proportion—are shipments of cars to us.  
As production increases, we are assured  
of getting our proportionate share of the  
total—and as quickly as cars are received,  
we will speed deliveries to our customers.

Mrs. Saga May Duke, who left for Guam last week end, was guest of honor recently at a handkerchief shower given by Alpha Epsilon and Xi Lambda Chapters of Beta Sigma Phi.

Mrs. Marge Chaput, at whose home the shower was given, was assisted by Mrs. Alice Converse. Games were the diversion of the evening with prizes going to Mrs. Madalyn Smith and Miss Ethel McCutcheon.

The buffet table, lace covered, had a centerpiece of yellow dahlias and lavender asters with lavender tapers.

When guests were seated for dessert there was at Mrs. Duke's place a corsage of tuberous begonias.

## Veterans News

Insurance benefits to veterans  
were materially extended and liber-  
alized today when President Tru-  
man signed the Congressional Act  
amending the National Service Life  
Insurance Act of 1940, the Veter-  
ans Administration here reported.

Holders of about six million  
NSLI policies are now offered en-  
dowment types of policies and per-  
mitted to name beneficiaries out-  
side of close relatives. The policy  
now offers lump sum payments and  
total disability benefits.

In addition, those veterans who  
formerly held some 10 million pol-  
icies that have lapsed are still en-  
titled to reinstate them.

The general provisions of NSLI  
now are:

1. Low rate term insurance pol-  
icies issued before Jan. 1, 1946, may  
be continued without change for  
eight years from the date they  
were issued. Policies issued after  
Dec. 31, 1945, are good for five

years before conversion is neces-  
sary.

Veterans may now obtain 20-  
year endowment policies, endow-  
ment at age 60 and endowment at  
age 65, in addition to ordinary life,  
and 20 and 30 payment life policies  
originally provided.

Endowment policy premiums  
must be paid for an indicated  
length of time, at the expiration  
of which the face of the policy  
may be paid the veteran. Those  
veterans who converted their term  
insurance to one of the previously  
authorized plans are permitted to  
change to one of the endowment  
plans if they wish.

2. All restrictions on choice of  
beneficiaries have been removed.

3. The insured may have his in-  
surance paid in a single lump sum  
to beneficiaries, or payments in  
equal monthly installments ranging  
from 36 to 240 months.

4. For insured veterans who are  
totally disabled for as long as six  
months payments of \$5 a month for  
each \$1,000 of insurance will be  
made as long as the disability ex-  
ists. The insurance itself is not  
affected by the payments, but an  
extra premium is required to ob-  
tain this additional benefit.

5. All persons who served in the  
armed forces between Oct. 8, 1940  
and Sept. 2, 1945, are entitled to  
apply for new NSLI, the total  
amount not to exceed \$10,000.

6. Applications for insurance  
which were rejected solely for  
health reasons between Oct. 8,  
1940 and Sept. 2, 1945, are validated  
in cases where the applicants were  
killed or totally disabled in line of  
duty while in service. This amend-  
ment will provide income for bene-  
ficiaries who receive no insurance  
payments under the old law.

7. Numerous miscellaneous pro-

visions are included, most of them  
technical in nature or applicable  
to limited groups. They include  
the right to assign a beneficiary's  
interest to specified relatives of  
the insured provided payment of  
the insurance has not started. Pres-  
ent beneficiaries under insurance  
on which payment started before  
Sept. 30, 1944, are permitted to  
select refund life income payments  
instead of former modes of settle-  
ment. Those eligible will be no-  
tified of their rights by the VA  
and need not make inquiry.
